

ENCHANTING LIFESTYLES
WITH ENHANCED SAFETY.

"Kolors Krest" is the latest range of premium category modular switches for high profile users, from the house of Kolors.

With a powerful, visually appealing range in different colours, shapes, shades and finishes; and mechanism that is both simple to operate as well as created to enhance your interior, Krest is a range that is bound to add to the aesthetics as well as ease your life within your well-designed home.

"Kolors Krest" Modular Switches are manufactured from Lexan grade polycarbonate. This has distinct advantages like high heat and fire retardant properties, more impact resistance, stabilized ultra violet rays protection. In fact, with Krest, every component that goes into the product is precision engineered to ensure long life and trouble free operation. Also, being manufactured from Lexan Polycarbonate makes every Krest switch virtually unbreakable, all materials & parts have been tested for superior electrical, mechanical and thermal qualities to prevent electrical accidents.

What's special about Krest:

As a range designed to reflect your identity and make your home or office a place you will never want to leave, Krest is unparalleled in quality. Indigenous development has made Krest a singular collection that is based on individuality and personality of the environment in which it is designed to be used.

Depending on your interiors, whatever may be the choice of decor and design - Modern, Ethnic, Wood, Cane, Victorian or Antique, "Krest" has a range of cover plates which perfectly complements just the specific look you would like to have, by matching individual tastes, colours, finishes and style with panache. This is the major reason why Krest is so widely chosen and admired by the architectural and interior design fraternity.

Life is beautiful,
we just make it safe.
